1. Oral Bisphosphonate Therapy may not Significantly Compromise Dental Implants Success
   - Discussion
   Albandar, J.M.

2. The Delphi Process in Dental Research
   - Discussion
   Cramer, C.K.; Klasser, G.D.; Epstein, J.B.; Sheps, S.B.

3. The Relationship Between Occlusion and TMD: An Evidence-Based Discussion
   - Discussion
   Gremillion, H.A.

4. Endodontics and Implants, a Catalog of Therapeutic Contrasts
   - Discussion
   White, S.N.; Miklus, V.G.; Potter, K.S.; Cho, J.; Ngan, A.Y.W.

5. New Cochrane Systematic Reviews - Cochrane Oral Health Group
   - Discussion
   Journal of Evidence Based Dental Practice, Volume 8, Issue 4, December 2008, Pages 258-260

6. Anticoagulated Patients Undergoing Tooth Extraction can be Managed Safely without Altering their Anticoagulation Treatment by Using Local Hemostatic Measures
   - Discussion
   Dodson, T.B.

7. Enhancing your practice through evidence-based decision making: PICO, learning how to ask good questions
   - Discussion
   Journal of Evidence Based Dental Practice, Volume 1, Issue 2, October 2001, Pages 136-141

8. Clinical Decision Support Chairsides Tools for Evidence-Based Dental Practice
   - Discussion
   Journal of Evidence Based Dental Practice, Volume 8, Issue 3, September 2008, Pages 119-132

9. Postoperative Sensitivity in Posterior Composite Restorations is Relevant in Class II Cavities
   - Discussion
   Journal of Evidence Based Dental Practice, Volume 8, Issue 4, December 2008, Pages 225-226

10. The Edentulous Ridge Expansion Technique is Associated with High Rate of Implant Survival
    - Discussion
    Thomas, M.V.

11. Implant Supported Single Crowns Offer Good 5-Year Survival, but with Complications
    - Discussion
    Journal of Evidence Based Dental Practice, Volume 8, Issue 4, December 2008, Pages 232-233

12. Non-Surgical Periodontal Therapy may Reduce Adverse Pregnancy Outcomes
    - Discussion
    Journal of Evidence Based Dental Practice, Volume 8, Issue 4, December 2008, Pages 236-237

13. Oral Lichenoid Lesions and not Oral Lichen Planus have the Character for Malignant Transformation to Oral Squamous Cell Carcinoma
    - Discussion
14. Enhancing your practice through evidence-based decision making
Reed, S.G.
Journal of Evidence Based Dental Practice, Volume 1, Issue 1, July 2001, Pages 51-57
Cited by Scopus (6)

15. The Evidence-Based Clinical Decision Support Guide: Mucogingival/Esthetics
Forrest, J.L.; Miller, S.A.
Journal of Evidence Based Dental Practice, Volume 1, Issue 3, September 2007, Pages 93-101
Cited by Scopus (5)

16. The Evidence-Based Clinical Decision Support Guide: Mucogingival/Esthetics
Merijohn, G.K.
Journal of Evidence Based Dental Practice, Volume 1, Issue 3, September 2007, Pages 93-101
Cited by Scopus (5)

17. The Evidence Supporting Alternative Management Strategies For Early Occlusal Caries and Suspected Occlusal Dentinal Caries
Bergstrom, J.
Journal of Evidence Based Dental Practice, Volume 6, Issue 1, March 2006, Pages 91-100
Cited by Scopus (7)

18. The Evidence for Immediate Loading of Implants
Bader, J.D.; Shugars, D.A.
Journal of Evidence Based Dental Practice, Volume 6, Issue 2, June 2006, Pages 155-163
Cited by Scopus (9)

19. Current Evidence Providing Clarity in Management of Temporomandibular Disorders: Summary of a Systematic Review of Randomized Clinical Trials for Intra-oral Appliances and Occlusal Therapies
Cochran, D.L.
Journal of Evidence Based Dental Practice, Volume 6, Issue 1, March 2006, Pages 48-52
Cited by Scopus (7)

20. Outcome of the root canal treatment on permanent teeth is related to the preoperative diagnosis and the accuracy of the treatment procedure
Oviir, T.
Journal of Evidence Based Dental Practice, Volume 5, Issue 1, March 2005, Pages 26-28
Cited by Scopus (10)

21. No Evidence to Support Removal of Asymptomatic Impacted Third Molars in Adolescents or Adults
Weyant, R.
Cited by Scopus (1)

22. Information Typically Collected During Dental Examinations is Associated with Probability of Undiagnosed Diabetes in the US Adult Population
Slade, G.D.
Journal of Evidence Based Dental Practice, Volume 8, Issue 4, December 2008, Pages 221-222
Cited by Scopus (2)

23. The Risk of Failure is Higher for Composites than for Amalgam Restorations
Abt, E.
Journal of Evidence Based Dental Practice, Volume 8, Issue 2, June 2008, Pages 83-84
Cited by Scopus (3)

24. Glass-Ionomer Fissure Sealant May Not Be as Effective as Resin-Based Sealant in Preventing Caries
Katz, R.V.
Journal of Evidence Based Dental Practice, Volume 6, Issue 1, March 2006, Pages 62-71
Cited by Scopus (3)
